When you choose the quality of Tempstar® Heating and Cooling Products, you also get a comfortable, convenient way to buy with the Tempstar Private Label Credit Program.

The Tempstar Preferred Customer Card works like a credit card. In the short time it takes you to fill in the simple credit application, you may be approved for credit to be used within minutes. If you are approved, you can use it immediately for Tempstar products and installation, and later for additional equipment or even service calls. It's so convenient. You can pay off your balance anytime or choose to make monthly payments according to terms in the agreement. You'll be surprised at how low those payments can be.
